

## **Family Dental Center**

### **Financial and Insurance Policy**

Our fees are meant to be fair and reasonable. We strive to keep them that way. Payment is expected at time of service. We can provide you with the approximate fee for treatment prior to your appointment. To make things convenient for you, we accept cash, personal or business check, Visa, Master Card, and Care Credit.

We participate with the following insurance: Aetna Dental, Aetna Discount Dental, Careington, Delta Dental, United Concordia and Healthy Smiles. If your dental coverage is different than one of these listed we would be glad to submit the forms for you so your insurance can reimburse you directly. If there are any problems throughout the process we will try our best to assist you. Insured patients should realize, Dental Insurance is a contract between the patient and the insurance company. We are not involved in the contract.

As a method to help patients pay for their work we offer a Dental Fee Plan. It does not cost anything to apply.

Any check returned to our office is subject to a \$25.00 return check fee. Immediate payment in the form of cash, money order, or certified check is expected.

Broken appointments will be charged \$25.00 with less than 24-hour notice. Your appointment has been set-aside specifically for you at your request.

Any questions regarding our policy on your account, Please contact our office.
